網上預約 — 前台護士簡易手冊

For front desk nurses | 給前台護士

Version: July 2026

1. What you need to know (30 seconds) | 三句話明白

EN

Patients submit requests on the clinic website. They are **not confirmed** until **you** confirm them.
Open **Appointments** →  **Web Bookings** and follow the red number.

繁

病人在診所網頁提交申請，**要你確認後**才算正式預約。
請開 **Appointments** →  **Web Bookings**，留意紅色數字。

2. Every morning — 4 steps | 每日四步

Step	EN	繁
1	Select your working clinic (top of screen)	頂部選好 工作診所
2	Open  Web Bookings tab	開啟  網上預約 分頁
3	Work through rows with blue or orange status	處理 藍色 或 橙色 狀態的列

Empty list 清單空白	Check working clinic at top
Cannot press Confirm on orange row 橙色未能確認	Reschedule first — must set a time
Patient says they booked but you see nothing 病人說已預約但看不到	Check clinic filter; widen date From
System error 系統錯誤	Tell manager / IT — see Technical section below

—— Technical appendix (Admin / IT / Manager) ——

—— 技術附錄 (管理員 / IT / 經理) ——

Front desk nurses can skip this section.

前台護士可略過此部分。

T1. One-time system setup | 一次性系統設定

Run in [Supabase SQL Editor](#), in order:

Order	File
1	online_booking.sql
2	online_booking_rpc.sql
3	online_booking_roster.sql

Upload to booking host: book.html, book.js, book.css

Staff app: hard-refresh after updates (index.html BUILD tag).

Full roster steps: see ONLINE_BOOKING_ROSTER_SETUP.md

T2. Doctor Roster (manager sets up) | 醫生排班 (經理設定)

Path: Appointments → Web Bookings → [Doctor Roster](#)

- **Pattern (weekly)** — regular weekdays + optional alternate weeks
- **Manual month** — tick dates per month
- Sessions: **AM** 10:00–13:00 · **PM** 14:30–19:30 (weekend/PH to 18:30) · **Night** 21:00–23:30 (optional)
- Only the **active** mode is saved; other panel is greyed out

Patients only see **blue dates** on the booking page after roster is saved.

T3. How data flows | 資料流程

Doctor Roster saved → Patient book.html submits
 → appointments table (booking_source = web)
 → Staff Web Bookings inbox → Confirm
 → Normal appointment on calendar

Statuses in database: pending_staff · pending_arrange · confirmed · cancelled

T4. Technical troubleshooting | 技術故障排除

Problem	Fix
Patient calendar has no blue dates	Save Doctor Roster; re-run online_booking_roster.sql
Submit error on patient page	Re-run online_booking_roster.sql
Booking columns missing	Re-run online_booking.sql + online_booking_rpc.sql
Edge API / local API	Deploy supabase/functions/online-booking OR tools/online-booking-api.mjs

T5. Who does what | 分工
